INTERNATIONAL FELLOWSHIP

ICANN58; ICANN61 Fellow

March 2017, March 2018

A highly-regarded and competitive Fellowship program meant to support the next generation of involved Internet community members, allowing a "fast track" experience of engagement, contribution and networking opportunities. An intensive program that extends beyond the days spent at the meeting, with focused cooperation between fellows, and with the Staff and Community of the Internet Corporation for Assigned Names and Numbers. Representative of the Academic Community, as both an Eastern European native and a graduate student in the United States of America.
